

Pine River Boat Club
June 5, 2020
Update to Members

The Pine River Boat Club property is open to all members to access the gate, use the ramps, install and use their docks **while respecting social distancing**. The Clubhouse remains closed. Access to the lake is permitted.

The Spring General Meeting

Given the Provincial Government's decision to extend the emergency measures, it will not be possible to hold an in person Spring General Meeting. Both because of the Bylaws and a desire to keep members informed, the normal in person meeting will be held as a Zoom meeting on Sunday June 21 at 10:30 am. A few days before the meeting a Zoom invitation will be sent with instructions to all paid up members. More information about this meeting will be provided in future.

Spring Cleanup Day from the Commodore

The annual club property cleanup day is Saturday June 13 from 8 a.m. - 12 noon. There is much work goes on behind the scenes every year to make the club operate. This is your opportunity to step up and help for a few hours. We could use some eager members on the north side under Harbour Master Howard's instruction and on the south side under Harbour Master Paul's guidance. If you have a grass trimmer and/or branch clippers that would be helpful. Refreshments will be provided and a small lunch served at 11:30 outside the club house. Please email Cmdr. Doug at drbaier@bell.net only if you are a yes, and advise if you will arrive on north or south side. Hope to hear from you. **At all times social distancing will be observed. Please consider wearing a mask.**

Lawn Mowing

Also we are looking for a few eager individuals who would commit to lawn cutting a couple times this summer using our club riding lawn mower. Instructions will be given. Any time available helps - remember this is your club. Again let me know with an email.

Bank and Channel Maintenance

Rear Commodore Klaas Jorritsma is continuing to arrange the necessary permits. No work can be done until July 15 to protect fish habitat concerns so members should be aware.

Sincerely

Gordon Cale
Secretary

Doug Baier
Commodore
