

Pine River Boat Club

Spring 2013 Newsletter

General

Welcome to the 2013 boating season. This newsletter is a summary of important 2013 boating season information, event dates and membership information. Please refer to the Boat Club web site <http://www.pineriverboatclub.ca/> for additional items of interest. A new member information sheet, gate key, and a pennant will be provided to all new members. Please inform your Harbour Master if there will be a delay or if you are not putting your dock in this year. Twenty-four foot boats are the reasonable limit acceptable for our river.

Key Issues

The keys will be changed this year. With the locks scheduled to go up by May 1 if you need a key before the Spring Annual meeting see Gordon Cale for a key exchange at 663 Lakeside Trail. You will need to be a paid up member with your old key for exchange. New paid up members get a key as part of their initiation fee. Replacement cost for a key is \$100. Key exchange will be available at the Spring AGM.

Loaning your Key harms the club

The gate key issued to members is for the exclusive use of the member. The club has set a fee of \$15 per day when a member permits a guest access to the key. The member takes the responsibility for the guest and is expected to collect the fee and submit it to the club treasurer. The key is not a community asset to be shared with neighbours thus reducing the financial support of the club and discouraging membership.

The meeting recognized that the loaning of a gate key to a non member without collection of the daily fee falls under Article 27 of the Bylaws, Discipline. The Board has identified its responsibility and will rule on complaints brought before it. Membership dues provide us with the resources to keep the harbour open for boating.

Commodore Howard Madill would like to thank all those who help out with keeping the boat club running.

Rear Commodore Robert Madill reports that Ross Forester will call in the spring to arrange cleanout and inspection of the Septic system.

Channel Issues

Several members have expressed concerns that the river may not be deep enough this year to permit boating. Let me simply note that the members of the Board are all active boaters. They will do everything they can to make sure the river is in shape for the season. The club has a reserve that has been saved in expectation that there will be times when the club will need to do a major dredge. If members avoid paying their membership this year they are limiting the resources we have to maintain the river.

The On Time date for 2013 dues is March 31
