

Pine River Boat Club

Spring 2022

General

Welcome, this newsletter is a summary of important 2022 boating season information, event dates and membership information. Please refer to the Boat Club website (<http://www.pineriverboatclub.ca>) for additional items of interest. A new member information sheet, gate keycard, and a pennant will be provided to all new members. Please inform your Harbour Master if there will be a delay or if you are not putting your dock in this year. Twenty-four foot boats are the reasonable limit acceptable for our river. Channel depth varies over the season.

Club dues

The on time dues for 2022 are \$300.

Membership dues need to arrive by March 31 in order to be on time. The Treasurer has arranged for dues to be paid by e-transfer. Use the email for the treasurer listed on the website or in this newsletter. The dues will be direct deposited into the club accounts.

dansevcik@hurontel.on.ca

Payment can also be made by cheque mailed to Dan, however please **do not pay by cash**. Dan has moved so check the address. It is later in this Newsletter.

Key Issues

At the beginning of the season the key cards of members who have paid their dues will be authorized. Members who have paid on time should have no problems using their current keycard when the gates are locked on May 1. Members who pay after March 31 may have a delay. Since the reset requires either Dan or Gord to go to the locks and authorize your keycard later payment of fees will require a delay in activation.

If you have an issue with your key see, Dan Sevcik at 62 Bell Drive, Lurgan Beach or Gord Cale at 663 Lakeside Trail. New paid up members get a keycard as part of their initiation fee. Replacement cost for a key is \$100.

From the Commodore

The Pine River Boat Club had a challenging 2021 with the ever-changing Covid conditions.

We are hoping the Covid 19 protocol continues in a good direction so we can keep the gates open for the 2022 boating season.

We were able to make some improvements to the South tip and managed to dredge the channel to improve access, let's hope winter was kind and the channel remains open.

We are expecting this years member meetings to be in person at the club house, we will inform you of any changes accordingly.

The Spring clean up date is yet to be determined and we will be looking for volunteers to make the work light, thanks to all that helped out last year.

We are looking forward to a great summer of boating, let's hope the water stay's low and the storms are few.

Klaas Jorritsma

The **Fleet Captain's** first planned social event is a party to repaint the clubhouse. Volunteers are requested to contact Maggie Steele at stelemaggie1@gmail.com

The On Time date for 2022 dues is March 31

Covid-19 issues

Dates and whether they are in person activities or not are subject to change depending upon instruction from the health unit. There will be email updates as we approach the events.

Be a good neighbour

Members are reminded that not all the waterfront that docks join belongs to the club. There are places on club property to store docks when removed. Several neighbours permit access through their property but do so out of courtesy. Members are expected to show courtesy or face the loss of access.

The On Time date for 2022 dues is March 31

Tips for tying up

A These are the normal lines most use to tie up.

Tying these lines too tight is a common error. A seiche can use these lines to pull the legs of the dock up out of the mud or turn over the dock.

B Spring lines keep the boat from moving out past the dock or onto the shore

C Lines from the boat to shore reduce the strain of the boat pushing against the dock or pulling on the dock as water surges in or out of the river.

Harbour Masters

Over the years the club has found a general increase in the size of the average member's boat. This has created issues for the Harbour Masters. The Harbour masters wish you to be reminded that dock assignments are their responsibility. Decisions are made in the best interest of the Boat Club taking into consideration tenure, boat type, dock style and proximity for access and not in the best interest of any one individual. We apologize in advance for any inconvenience.

Loaning your Key harms the club

The gate key issued to members is for the exclusive use of the member. The club has set a fee of \$20 per day when a member permits a guest access to the key. The member takes the responsibility for the guest and is expected to collect the fee and submit it to the club treasurer. The key is not a community asset to be shared with neighbours, friends, or relatives thus reducing the financial support of the club and discouraging membership.

Your Contact Information

Emails to members are always sent BCC unless it is a direct contact. The club tries to limit the number of emails we send but that has not been possible with Covid issues. If your information has changed we do not know unless you tell us.

Membership Limit

At the Fall meeting of the Club, at the recommendation of the Board, a motion was passed to limit the number of regular memberships to 145. The reason for the motion was to respond to a concern that the ramps and other facilities would not be able to handle a continued increase in members. In 2020 we had 122 members and in 2021 we had 132 members. In a normal year we see 10 to 15 new members and a similar number of resignations. Previous to the last 4 years our membership was around 100.
